

# DLCV 2019

## CALL FOR PAPERS

### Topics of interest for submission include, but are not limited to :

3D Computer Vision  
Action Recognition  
Adaptive Systems  
Biometrics, face and gesture  
Computational photography, photometry  
Computer Vision Theory  
Data Mining for the Web  
Deep Learning Techniques  
Image and Video Synthesis  
Machine Vision  
Model structure optimization  
Motion and Tracking  
Robot Vision  
Statistical learning  
Structured learning  
Large-scale optimization  
Unsupervised/generative modeling

The Int'l Conference on Deep Learning and Computer Vision will cover issues on Deep Learning and Computer Vision and dedicate to creating a stage for exchanging the latest research results and sharing the advanced research methods.

Conference Date: December 13-15, 2019

Venue: Bangkok, Thailand

Registration Deadline: May 12, 2019

## Publication and Presentation

Publication: Open Access Journal.

Index: CNKI and Google Scholar

Note: If you want to present your research results but do NOT wish to publish a paper, you may simply submit an Abstract to our Registration System.

## Venue

Bangkok, the city once known as Siam, remarkably known to be exotic and rich in culture, is the cultural, economic and political capital of Thailand. The city features both old-world charm and modern convenience. Amidst the gleaming skyscrapers of Bangkok, one would still see traditional architectures such as temples, illustrating the retention of its identity whilst being a cosmopolitan city.
